
OEM Services that We Offer

We offer "OEM" custom-made products, whatever stuff they might be, pump parts, pipelines, or other relative industrial products. We work closely with you to identify the appropriate material and design to suit your application and environment. Your sample parts or detailed manufacturing drawings are required when you need us to make the reverse engineering job.

We have more than 7 years' experience in "OEM" services, and the customers cover Russia, Australia, Holland, USA, Kazakhstan etc.. Materials that are available are NI-hard 4, ASTM A532, A05, Rubber R55, ANSI316, ANSI304, ANSI402, Cast Iron, Polyurethane etc.

Turn to us with your special product requests.
